

Occurrence

**Present**

$t_{\text{occ}}$

time

Uncertainty

The diagram features a horizontal timeline axis labeled 'time' at its right end. A vertical tick mark on the left side of the axis is labeled  $t_{\text{occ}}$ . A thin black arrow points from the word 'Occurrence' at the top left down to this tick mark. Further to the right on the timeline, a thick red arrow points from the word 'Present' (in red) down to the axis. Below the timeline, a large pink arrow points to the right, starting from the 'Present' point and extending towards the right edge of the diagram. The word 'Uncertainty' is written in black text inside this pink arrow.
