

Occurrence

**Present**

$t_{\text{occ}}$

time

Uncertainty

The diagram features a horizontal timeline axis labeled 'time' at its right end. A vertical tick mark on the left side of the axis is labeled  $t_{\text{occ}}$ . Above this tick mark, a thin black arrow points downwards to the axis, with the word 'Occurrence' positioned above it. Further to the right on the timeline, a thick red arrow points downwards to the axis, with the word 'Present' in red positioned above it. Below the timeline, a large pink arrow points to the right, starting from the 'Present' point and extending towards the right edge of the diagram. The word 'Uncertainty' is written in black inside this pink arrow.
